

Integrate control of your home's humidification, dehumidification, ventilation and even bathroom fans into a single device with Honeywell's TrueIAQ™ Control. TrueIAQ allows you to program your air quality and fan settings individually, or as a system for increased comfort and energy savings. Plus, TrueIAQ will automatically adjust settings for changes in outside temperature and provides maintenance reminders to help keep your equipment operating at peak efficiency. For true indoor air quality control, choose TrueIAQ.

TrueIAQ™

INDOOR AIR QUALITY CONTROL MADE EASY

Easy To Use —

Setting changes can be made easily with the touch of a button.

Easy To See —

Intuitive digital backlit display.

Customizable —

Include individual air quality enhancements to your system with TrueIAQ™, or integrate them all as part of a total air quality system.

All-In-One —

Manages humidification, dehumidification, ventilation and bathroom fans from a central point in your home.

Smart Change/Check Reminders —

Lets you know when to service or replace filters, UV bulbs and humidifier pads (based on actual run time).

Advanced Temperature and Humidity Sensing —

Simultaneously displays both indoor and outdoor temperature and humidity levels on-screen. Automatically adjusts inside settings based on outdoor conditions.
